Correction to: The atypical RhoGTPase RhoE/Rnd3 is a key molecule to acquire a neuroprotective phenotype in microglia

Veronika E. Neubrand*, Irene Forte-Lago, Marta Caro and Mario Delgado*

Correction to: *J Neuroinflammation*

<https://doi.org/10.1186/s12974-018-1386-z>

In the version of this article that was originally published [1]; some information in the “Authors’ contributions” section was omitted. This has now been corrected in this Correction note.

Authors’ contributions

VEN performed most of the experiments, analyzed the data, conceived and designed the study, and wrote the paper. IFL and MC performed the cell cultures. MD conceived and designed the study and wrote the paper. VEN and MD edited and reviewed the paper. All authors read and approved the final manuscript.

Published online: 12 February 2019
